

Thenergo nv – information to publish – transparency regulation

Brussels, 16 March 2010

Regarding title II of the Law on transparency of May 2nd 2007 Thenergo publishes information regarding the notification threshold, the capital and shares carrying voting rights.

Thenergo foresees a statutory threshold of 3%, 5% and 7.5% and all the multiples of 5.

On 16 March 2010 the data concerning the capital and the shares carrying voting rights are as follows:

| Denominator | Number | Voting Rights |
|--------------------|----------------|----------------------|
| Normal shares | 22,020,588 | 22,020,588 |
| Warrants | 4,587,042 | |
| Total | 26,607,630 | |
| Total capital | 136,786,062.37 | |

Additional information:

- total number in shares carrying voting rights convertible obligations: 6,157
- total number of rights, whether or not incorporated in shares, to subscribe to voting shares not yet issued: 4,587,042 warrants (when issued every warrant gives rise to one share)
- total number of voting rights that can be obtained upon the exercise of these subscription rights: 4,587,042
- total number of shares without voting rights: 0.

The notifications regarding shareholdings need to be send to the following person:
